

Plant Hope

Fragrant Easter lilies, colorful tulips, and hyacinths, what better way to celebrate spring. All our spring flowers are potted and feature a decorative pot cover.

Our beautiful plants also have the added benefit of helping some very special children and adults who are coping with the daily challenges of hemophilia and similar bleeding disorders. Plant them and they just keep on giving blooms and pleasure.

Easter lilies have 4 or more blooms. We also have red tulips and hyacinths in three colors available, blue pink, and white. Each plant is in a 6-inch pot with a decorative foil cover. Only a \$10.75 donation.

All orders must be picked up at the KHF office as indicated. We are no longer able to provide deliveries for the Easter Lily and Spring Flowers Sale.

For the Greater Louisville Area

Fax, mail, call in or place order online. You may pick up your plants at **KHF** on the following dates: (Check one)

_____ Saturday, April 1 (10 am – Noon)

_____ or Saturday, April 8 (10 am – Noon)

Kentucky Hemophilia Foundation

1850 Taylor Avenue, Suite #2

Louisville, KY 40213-1594

502-456-3233

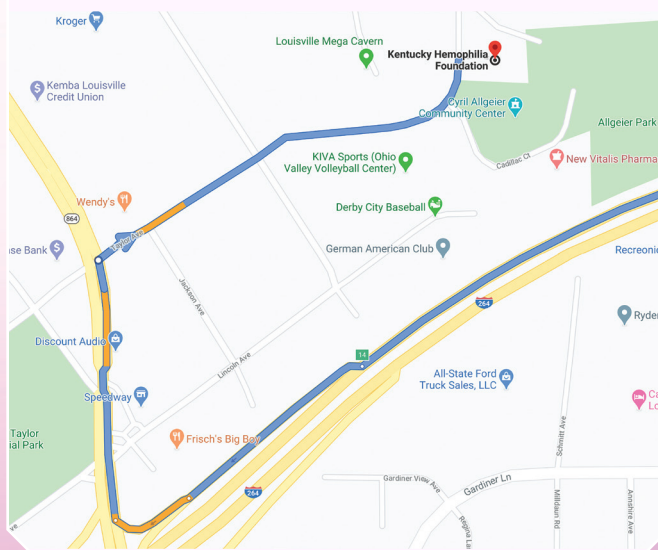

800-582-CURE (2873)

Pick-up directions:

I-264 Watterson Expressway to KY-864 N/Poplar Level and turn right onto Taylor Ave.

Our offices are on the right, halfway up the hill/driveway.

Order early for choice selection.

Please pre-pay pick-up orders by credit card, check or paypal on line. For larger orders, delivery and billing arrangements are made when you place your order. Deliveries (if applicable) are made until the Saturday before Easter.

To ensure plant availability, order by: Wednesday, April 5, 2023

WHAT IS HEMOPHILIA?

Hemophilia is a bleeding disorder that affects one of every 7,500 boys and men from birth. A similar disorder, von Willebrand disease (vWD), affects men and women equally. As many as one out of every 100 men and women are living with vWD.

Adults and children with these bleeding disorders experience spontaneous and prolonged bleeding due to the lack of clotting factors in their blood.

There is no cure, and treatment to control the bleeding can cost \$250,000 a year, every year of their lives.

It's more than most families can bear easily on their own.

The Kentucky Hemophilia Foundation, or KHF, is the Kentucky Chapter of the National Hemophilia Foundation. We are a private, non-profit organization established in 1960 as a support system by and for concerned parents. Some of our founding members are still involved in Chapter activities.

Since our incorporation, KHF has grown into a statewide health agency serving families affected by hemophilia or a similar bleeding disorder. KHF's programs and services extend to hundreds of families throughout Kentucky.

KHF is celebrating 63 years of service this year.
